AMIRALI SOBHGOL

DEVOPS ENGINEER

👤 ABOUT

I'm a self-taught and motivated DevOps Engineer with 5 years of experience.

💼 WORK EXPERIENCE

DevOps Engineer at Cafebazaar

April 2019 – Present

Cafebazaar is the leading android marketplace in Iran with +44M active users.

Highlights

- Increased SLO adoption rate of teams from 0 to 50% with more on the way by organizing workshops and pitching the idea to management.

- Reduced false alarms from more than once a day to less than once a month by applying SRE principles.

- Improved elasticsearch storage & resource load balancing by 50% by using Index Rollover

- Increased data retention from days to years, reduced query latency, and expanded query time range from weeks to years by using M3DB, organizing workshops, and writing documentation.

DevOps Engineer at Bamilo

April 2018 – April 2019

Bamilo as a subsidiary of Iran Internet Group was a online retailer with +1M active users.

Highlights

- Increased read throughput by 10x and reduced response latency by ~53x by implementing CQRS pattern.

- increased write throughput by more than 50% via sharding and micro batching.

Full-stack Developer at Pixels&Code

July 2015 – April 2018

Highlights

- Developed and maintained 3 web applications for our clients

- Suggested & Implemented framework to improve development speed by 15%
